ACT REVIEW INFORMATION

Many parents have asked about ACT preparation for all grade levels. In response to these questions, we have developed a list of ACT review hints which is linked [here](#).

Beginning in November, there will be an extended ACT review for juniors before they take the test at Bishop Hartley on March 10, 2020. In addition, we will offer the quick review in March as we do each year. Keep in mind that the quick review is mostly test taking strategy, while the extended review will include more content and skills review. The extended review sessions will be held every 2-3 weeks depending on the school calendar and review teachers' schedules. Please look for more details in future Heralds, and students should listen for announcements over the PA.

While these reviews are not recommended for freshmen and sophomores, there are some things they can begin doing now to prepare. Those are detailed in the review hints.

Remember that both the ACT and our School Counseling Office recommend waiting until February or March of the junior year to take the test for the first time. See the review hints for more information about this.

HEMINGWAY EXPERT VISITS HARTLEY CLASS

On October 7th, Mrs. Maloof's AP English 12 class had the opportunity to meet with recognized Hemingway expert Dr. Donald Daiker to discuss the novel *The Sun Also Rises* which they had read as part of their summer reading assignment. Dr. Daiker is a professor emeritus from Miami University and former teacher of Miss Melanie Batty, current English teacher, and Mrs. Barbara Casson, retired academic dean. Both were able to join in the discussion of the novel. Dr. Daiker was impressed by the "bright and committed" students in the class. Students said that they had a better understanding of the novel after the discussion.

INSTAGRAM

Bishop Hartley has started a new official school Instagram page that detail many of the school's activities throughout the year.
