

Information Regarding Interim Reports

Today is the midway point of the 2nd quarter. Teachers have updated grades as of 8:00a.m. Please log into PowerSchool to check on your child(ren)'s progress.

If you have not yet created an account, please do so. In addition to giving you access to class information, this enables teachers to contact you directly via the PowerSchool system. If you do not have account access or have misplaced your log-in information, please contact Mr. Andrew Jahahn at ajahahn@cdeducation.org for assistance.

In order to check the 2nd quarter grade, be sure to click the drop down menu on the top right-hand side of the page and select Q2. This will display the quarter grade only. The grade displayed by default is the current average of the first two quarters; you must switch to Q2 to see only the second quarter. As we go through this year, you will be able to select subsequent quarters or go back to check on previous quarters. The semester average will be accurate only after grades for the 2nd quarter and exams have been posted.

If your student is enrolled in Spanish, Italian, or French, they will receive a paper copy of their cumulative grade for each of the four skills: Reading, Writing, Speaking, and Listening.

Please note that teachers may use PowerSchool to send you messages. They will be emailed to the address you provided when you set up your account. It is important to update your account should your email address change. All messages will have the subject "You have Bishop Hartley High School notifications." The messages may be grouped under one thread, so it is important to be aware of the message date and read/unread status.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael R. Winters".

Michael R. Winters
Principal
