

AMBASSADOR PROGRAM

“The Ambassador Ambassador Program Program is a wonderful extracurricular that promotes leadership and provides a warm welcome to incoming students. Built on faith, preparation, community, service, spirit, and leadership, the program has taught me how to communicate well with other people and has given me a sense of duty.”

BISHOP
HARTLEY

—Student Ambassador

Student Ambassadors are just that, ambassadors of all that Hartley has to offer. Students are trained to participate in a number of activities where they will interact with visitors—campus tours, open houses, 8th grade visits, etc. Student ambassadors work closely with the administration, faculty, and staff, supporting a number of school programs and events all throughout the year.

You may have talked to an ambassador already. Ambassadors are on hand to answer any questions families might have and make themselves a resource for prospective students.

What does it take to be a student ambassador? If you have a 3.0 minimum GPA, involvement in at least one extra-curricular activity, involvement in service, the ability to lead groups and communicate with both adults and children we need you!

Hartley Ambassadors are vital to the strength of our wonderful school. Their hard work, helpfulness, and love of Hartley brings families into Hartley and reinforces the value of a Hartley education.
