

The benefits of participation in live theatre are far-reaching and include increased confidence in public speaking, teamwork and strategy development, problem-solving, and enhanced creativity.

The arts are important at Bishop Hartley. You can now earn a varsity letter by participating in the productions.

BISHOP HARTLEY

The Drama Program strives to make sure every student can Fit in and Stand out. We make it easy to get involved in the things you care about!

The theater troupe performs in three productions each year including two musicals and a play performed at the Ohio Dominican University's Matesich Theatre.

From freshman to senior, everyone can get involved on stage or behind the scenes. The only requirements are good academic standing and a love of the theatre.

"I've met some of my best friends through the Drama Program. The shows are my favorite part of the school year and I wouldn't want to be a part of any other theatre family than Hartley's!"

- Emerson Summers, Junior

"Theatre is my happy place. It's a space for everyone where we can be ourselves."

- Izzy Vatter, Sophomore
