

MILITARY MINISTRY

Military Ministry is a Christ-centered ministry serving our families within the Bishop Hartley community. We work to serve the families that serve us.

The goals of the Ministry are to know and recognize our military families, to grow an awareness of the needs of our military families, and to honor and support all military service.

At Bishop Hartley, the Military Ministry consists of a student- and faculty-based committee that works to recognize and promote Veterans and Armed Forces Day, Adopt-a-Soldier Programs, and increase prayers for our military personnel in our school community.
