

STUDENT MAGAZINE

The student magazine is a way for students to showcase what is going on in and around the school through a digital magazine.

Students work independently or in groups to develop content that will be published in the magazine. Grow teamwork and writing skills while flexing creative muscles.

Students will learn how to express themselves and showcase their interests through the written word, and linked videos.

"Being a part of Hawk Street Journal opens new doors for all students.

It is a club where students can truly feel comfortable and freely express themselves through a written medium.

We are so blessed to have such a club that promotes collaboration and time management – important skills for the future!
